Friday, June 11th will be the last regular monthly business meeting until Friday, September 10th unless, of course, something of major importance concerning the welfare of the Community crops up, in which case a special meeting will be called. In the interim there will be Baie D'Urfe Day and other Social events which I hope you will all attend and enjoy. Watch your News and Views for specific details.

The Executive will continue to meet on the 25th of each month. Any matter about which any Member desires action or advice should be submitted to the Secretary, Bill Parker for consideration at those meetings.

Every Protestant School Taxpayer should make an effort to attend the June meeting. The School Affairs Committee, under the very capable leadership of Mrs. Leslie Case will name a candidate for your support and election or re-election as a School Trustee in July. The same Committee is also providing the after business entertainment in the form of a "Quiz". This should be your opportunity to find out some of the Whys and Wherefores of School matters. Questions may be submitted in writing or from the floor.

The Town Council meets on the first Tuesday in each month. They are open meetings and your attendance would prove your interest in your own affairs. True you get a report of happenings but that is secondhand and probably coloured by your reporters own viewpoint.

Personally, I feel we have as good municipal government as the Town has ever had. Let the Council see you appreciate their efforts on your behalf by giving up the time to listen to their deliberations.

Turn out again in September. Make the second Friday a habit. Do not forget that next year this Association must have new Officers. YOU or YOU will fill the bill more efficiently if you are right up to date on all phases of the work.

Phil Holliday, Chairman.

### THE RECORD

Another one of the Associations interesting monthly meetings convened at the Town Hall on May 14th. With further reference to the removal of Elm trees on Station Road, it was stated this work would be undertaken in the Fall. People in that district have thus no alternative other than to continue exercising their patience until that time, when the Bell Telephone will be able to get through.

V.O.N. service was discussed in detail as regards to its valuable service to Communities in general, further reference to this subject will be found elsewhere in this bulletin. Treasurer reported a favourable and encouraging balance on hand and with an eye to the future reminded the meeting of the forthcoming Auction Sale.

Various Committee Chairmen made their reports. Mrs. Gray reporting for the Membership Committee stated that 3 new members have been brought into the fold. In connection with School Affairs Mrs. Case reported that the Central School Board meetings were to be held on the same night as the Association held theirs. In the circumstance the Secretary will write Mr. R. Angus asking if he would kindly consider changing the date of his meetings. Movie Club activities have been concluded for this year but the Chairman reports elaborate plans are being formulated for next year.

Prof. Heimpel made a very interesting report on behalf of the Public Works Committee. He indicated that under present circumstances there is not enough work to keep one man working 12 months out of the year, policing the grounds and acting as a building inspector. He thought that perhaps a part time employee to work on week-ends might be the answer. In regard to Publicity, Committee Chairman were advised to make sure they submitted to Mr. Vidler a brief report on their respective programs. All owners of vacant property will be advised by the Town concerning the removal of noxious weeds.

Mr. Robertson is now officially Post Master of the Town. It was suggested that a cupboard be provided for dishes in the Town Hall and any suggestions or proposals should be submitted to the Town Council for consideration. It was decided that cup and saucers are available to any member of the Association for a nominal fee of \$1.00 and that any breakages would be replaced. Meeting adjourned after which a very informative and interesting program was put on by the Public Services Committee.

Bill Parker, Secretary.

JUNE 11th is to be the last monthly meeting for the Summer, we should all make a special effort to attend. The supplement programme, after the regular business meeting is to be a "Quiz", sponsored by School Affairs. Leslie Case, Chairman, will have as her guests for the evening, Mr. R. Angus, Senneville, Mr. E. Butler, Senneville and Mr. Wm. Spriggs, Baie D'Urfe. Have your questions ready.

\*\*\*\*\*

WEEDS - Only owners of vacant properties have received notices in regards to the WEED KILLING CAMPAIGN - BUT - it is up to EVERY Citizen to see that all noxious weeds, on their property, are destroyed.

\*\*\*\*\*

AUCTION SALE? ? ? For those interested in having "Auctions" we highly recommend Hary Smythe and his COMPLETE Committee. For further news on the Baie D'Urfe Auction read page (3) three.

\*\*\*\*\*

PHOTOGRAPHY - We think Reg. Vidlers' announcement, which by now everyone has received, is very smart and hope those interested will take advantage of the excellent service he is offering. Reg Vidler is also Baie D'Urfe's representative for "Lakeshore News". Phone 372.

\*\*\*\*\*

BEREAVEMENT - We were sorry to learn of Mrs. R. Barretts loss, in the death of her Mother, Mrs. T. Dillon, Lakeview Road.

## MEETING OF MAY 14th

The Programme following the last meeting was arranged by the Public Services Committee whose Chairman, Prof. Heimpel, opened the program with a short talk on drainage and weeds. Prof. Heimpel outlined a scheme for draining College Green at moderate cost and referred to other points necessary for adequate road drainage, including cleaning and grading of ditches, proper size drains, at right grade, under driveways. With regard to weeds the speaker emphasized the necessity for cutting or spraying before weeds went to seed, he showed samples of Poison Parsnip and Bladder Campion while Prof. Gray provided illustrations of a number of common weeds.

Messrs. Gloutenay, Haire and Marshall of the Flamechek Co. then demonstrated the flame resisting qualities of Flamechek Paint, the demonstration showing beyond doubt that the paint does protect the material treated from flame. Sawdust, shavings, mattress filling and wall board were subjected to flame from a blow torch, the materials glowed under the flame, then went out as the torch was removed. A short movie showing effects of fire on two identical small structures, one Flamechek treated and one untreated, proved very interesting. The untreated structure was completely destroyed and the embers quenched by spraying with Flamechek, the treated structure was charred but its strength unimpaired, this being proved by the use of an axe to break the door. Citizens of Baie D'Urfe have urgent need for any device or product that will reduce the fire hazard and Flamechek would definitely seem to be such a product. Mr. Doug. Laird moved a hearty vote of thanks to Mr. Gloutenay and his associates for the interesting demonstration they had provided.

A. S. Poe.

## AUCTION SALE

The afternoon of May 24th at the Baie D'Urfe Town Hall an Auction Sale was held sponsored by the Baie D'Urfe Citizens' Association. The object of this sale, besides aiding the financial position of the Association, was also designed to render a useful service to the Citizens.

Bidding started (with a Silver Spoon in its mouth) when silver spoons and laddle were auctioned, to an exceptionally large crowd of residents and welcome visitors.

A very find length of Broadloom carpeting was excitingly bid for - the Winnah - Mr. Harry Smythe (lucky man). A lovely solid Mahogany bed went for a song (pleasant dreams, purchaser). Mrs. Nagley outbided and outdided interested parties for a Love Seat.

Opening bid for the Circular Saw was made by a seven year old member Teddy Fry and envious eyes followed it to the final buyer. Skates and Boots were bought and stored for next winter (brrrr). Toys, books were bid for by the Young fry. Belgium Glass Vases, hand carved figures, made by Robert Smythe, son of Mr. and Mrs. F. A. M. Smythe and many other valuable articles were sold during the afternoon.

Plants and potted flowers were a favourite for bidders. The soft drinks were very much appreciated.

The Auctioneers were splendid. His Worship the Mayor added a touch of humour to his auctioneering. Mr. Nagley and Mr. Allan ably held articles up to be viewed for sale, (how are the backs?). Mr. Allan and Mr. Laird nobly carried the auctioneering to its finale.

The day was a huge success due to the tireless efforts of the Committee, headed by Mr. Harry Smythe and the enthusiasm of those participating.

Many are hoping this will become an annual event.

Jo Grant.

We are glad to hear that Dr. Fairbairn is making such good progress and we hope to see him up and around real soon. Mrs. Wilson is about, with the aid of crutches, also Peter Case, who was unfortunate enough to have a horse trample his foot. What with three cases of Poison Ivy to date and Adults getting what we refer to as "Childrens" Ailments", Baie D'Urfe has had its share.
