HATCHING DATE - DEC. 17

Well, you know, the hens and the roosters would hardly know the old place now.

It seemed like only minutes after Harry Dixon and his boys had got the okay from town council, that the chickens were out and flocks of Baie d'Urfites were in and the you-know-what was flying in all directions.

Eighth Year  
No. 84

Today the CHICKEN COOP is, as the poet Larkspur would put it, a thing of beauty and a joy forever, and the grand hatching is scheduled for Dec. 17.

Under the whips of Dixon, Bob Higman and Co., and plied with food and drink, (cream and sugar, please) by alluring females, great hordes of Baie d'Urfites have been sweating (puleeze - perspiring) it out at the Coop until now it shines like the house of Lords (in the true, not barnyard sense).

Messrs. Dixon, Higman and their menials ran their grimy fingers along the freshly-coated walls and decided that now was the time to bring in that well-known master of ceremonies, bon vivant and poor man's Elsa Maxwell, Jack Mitcham, and ORDER him to lay on a suitable and eggstra (wow-get it - eggstra) special program for a grand COOP Warming Dec. 17. He's now busy laying it on. (Say, come to think of it, that "laying" it on isn't bad either). And plans also call for a special pre-Christmas grand-opening party for the kids, too, for whom this new community hall is also meant.

To review briefly: council asked the Citizens' Association to inspect the Town's newly-acquired real estate and pick out the building most readily

adaptable to town community-hall needs. Harry and his committee picked the Chicken Coop as the immediate best, and asked council for its use, on a tenant-landlord basis. Council said okay. Rent - \$1 per year, to keep it legal, and the Association will fix it up, heat it and maintain it, with the lease on a year-to-year basis. Council kicked in \$300. toward the initial getting into shape, and gave its blessing.

Bob Higman's masterful COOP SCOOP has pretty well kept us all up to date on activities and progress and there is no need to go into all the details here. Suffice it to say that thanks to the organizational ability, planning and drive of Dixon and Higman, the enthusiastic cooperation of council and in particular Herb Brookhouse, the hard work of many citizens and kind donations of many others, Baie d'Urfee has a community hall of which the town can be proud.

To further fix it up, furnish it and look after it, however, requires more money than we've got in our bank account (plug). To raise it, subscriptions to the BAIE D'URFÉE CITIZENS' ASSOCIATION RECREATION CENTRE (herein-after referred to as THE CHICKEN COOP) are being solicited at \$3 per, and someone is bound to win a

In addition, all those buying tickets will have their names inscribed on a "charter-member" honor roll to be hung in the new recreation centre. Besides buying a ticket, sell some if you can. Books are available from: Bayview - Lang Godfrey; Morgan Road - Odie Grimm; Lakeview Rd. - John Charters; Sunny Acres - Amy Wickson; Collee Green - Bill Norcott; Oakridge (top) - Pat Boyle; Oakridge (bottom) - Ron Whiteside.

It is hoped that all tickets will be sold by THE night, and the draw will be a feature of the evening's goings-on.

It must be catching. First Johnny Fenton nips in to have his appendix nipped out. Then young Peter Belcher, just two doors down, follows almost on his footsteps.

\*\*\*

Baie d'Urfee has been growing so rapidly the past few months it's hard to tell who's who and where and why. To help sort us out and call the role so to speak, a census of the town will be taken as soon as Jack Mitcham gets the forms prepared.

Dot Edward is back from a two-week stay in Florida rested and refreshed after a sad year which saw the death of her mother and her brother, and every other member of the Edward family either in hospital or under doctor's care. Dot went down with her sister Joy.

A SKATE CLEARING HOUSE is being operated during the first week of December, 1 - 4. Parents wanting skates or having some to exchange or sell should phone Mrs. C.W. Hall, Ste. Anne's 2044.

\*\*\*

Bought your subscription to the Chicken Coop yet? You might get an Anglia, Television Set or Clock Radio as a bonus. And your name on the honor roll of charter members. Cost \$3.

Speeders through Baie d'Urfée are going to be shaken one of these days. Keep an eye open.

\*\*\*

Morgan Road rink has taken on quite a professional aspect these days; it is bigger, it is painted and it has a change room. Under the leadership of Monsieur Vauthier, an eager-beaver group of Morgan-Lakeview and assorted community-minded gents has got the place in readiness for the onslaught of cold and winter--- and kids.

\*\*\*

Anticipated opening in December of our new hydro sub-station should end those periods of low power supply which Baie d'Urfites have been suffering from time to time, and such transformer breakdowns as occurred recently. The power shortage is simply another symptom of Baie d'Urfée's fantastic growth which sees new homes popping up here, there and everywhere almost over-night.

\*\*\*

As Will Spriggs' report suggests, the central school board is seriously concerned with Isle Perrot's valuation roll situation. The valuations there average about 20 per cent. of real value as compared with about 60 per cent in Baie d'Urfée, Senneville, Dorion and other areas. And while when accepted into the school area, Isle Perrot had very few school-age children, today it is sending more youngsters to Macdonald than any other local area except Baie d'Urfée.

TWELVE ADVERTISING SOLICITORS, each of whom will have NOT MORE THAN FOUR people in Ste. Anne's to contact, are urgently required to line up News and Views advertising for 1955. The job means approximately one hour or less some Saturday morning. Volunteers please contact Tommy Lee, phone 4335.

\*\*\*

Councillor Herb Brookhouse represented Baie d'Urfée's interests at the hearings recently protesting proposed increases in railway commuter fares.

"The fiscal year of the Association shall end on the 31st day of December, 1954, and on the 31st day of December each year thereafter, and the Annual Meeting shall be held between the 31st day of December and the 28th day of February following, on the day fixed by the Executive Committee. At this meeting the Annual Report prepared by the Secretary and the Annual Financial Report prepared by the Treasurer shall be received together with the Report of the Auditor. Such other business shall be considered at the meeting as may be brought before it."

Treasurer's Report - Present balance approximately \$450.00.

School Affairs - Mr. Spriggs advised that the roadway behind the school will be widened and block heaters are to be installed in the buses. There will be no change in the school board rate in Baie D'Urfee next year.

Recreation Report - Peter Smith will look after Oxford Rd. rink. A small building is to be moved from the barns to Morgan Rd. rink. Telephone poles, courtesy Mr. Grimm to be used for lights on Morgan Rd. Rink.

Recreation - Mr. Booth presented the following recreation budget for 1955.

<u>Rinks</u>	<u>Morgan Road</u>	Shelter	\$100.	
		Paint, boards etc.	50.	
		Snow removal	<u>200.</u>	\$350.00

	Paint, rope, rafts		<u>75.</u>	<u>600.00</u>
	Total for beach		600.	
		TOTAL		\$ 1220.00

Correspondence - A letter of thanks was written to Jacques Viau, Q.C. for donation of \$200. from the department of Social Welfare and Youth.

A letter was written to the Sect. -Treas. of the Town giving the recommendations of the planning committee regarding the barns. A request was made to lease the chicken house on a yearly lease and on a tenant and landlord basis with the intention of immediately preparing it as a meeting place. A request will be made for the horse barn at a future date. One of the smaller buildings is requested for a changing room at Morgan Rd. rink.

Barns Committee - Mr. Dixon advised what has been accomplished by his committee. Bob Higman is in charge of organizing work crews and a bulletin has been forwarded to all residents.

CIGARETTE BOX TOKEN OF ESTEEM TO JOHN LONG

The other day Chairman Charlie Johnstone presented J.W. Long, former town secretary-treasurer and presently town solicitor, with an engraved cigarette box on behalf of the citizens of Baie D'Urfée. It was intended simply as a token of esteem to Mr. Long for 19 years' service as Secretary-Treasurer.

Mr. Long wrote the following note of thanks:

"Please let me express to the citizens of Baie D'Urfée, through you, how deeply touched I was by their gift. As I have said on many occasions, publicly and privately, I treasure very pleasant memories of my association with the residents of the Town, and I hope that in my present capacity of solicitor that these associations will continue for many years to come."

BEACH, THEN SKATING SAID MOST POPULAR

In recent issues of "News & Views" citizens were requested to submit views on the question of recreational activities. They were also asked to indicate the amount they would be willing to contribute in support of each activity. Information obtained was to be used by the Executive Committee in future planning and preparation of the 1955 Budget.

Several members were good enough to include their general views: some stated they would be glad to pay for any facilities provided; others thought facilities should be provided but the cost should be covered by general taxes; some proposed a single assessment of \$4 or \$5 per family.

The budget submitted by the Association to Council amounts to \$1,220. To date, we have been able to support only two well-organized activities, the rinks and the beach, and it is expected that a good percentage of this money will be spent on them.

The Executive Committee wishes to thank members good enough to send in the information requested, and would still like to receive as many additional completed forms as possible.

### EXPLAINS WHY "ANNIE DOESN'T LIVE HERE ANYMORE"

For those of you who have dialed certain numbers only to find "Annie doesn't live here any more," here's the official explanation from Maurice P. Beauvais, suburban manager of the Bell in whose district the Ste. Anne de Bellevue exchange comes:

"Telephone numbers in the Ste. Anne de Bellevue exchange area changed recently were of urban customers who had been getting service temporarily through rural dial equipment. Use of the rural equipment had enabled these people to receive service sooner than they would have otherwise.

A short time ago regular urban dial equipment became available and these customers were assigned new urban numbers. This was done to provide them with normal urban service and also to release the rural equipment to meet the demand in rural sections.

While satisfactory urban service can be provided through rural equipment, rural service cannot be given from urban equipment, principally because of the need for special ringing arrangements on rural party lines. For this reason, it was necessary to give customers being served by the rural equipment new urban telephone numbers and to reassign the former numbers to waiting rural customers. Additional wires and cables are now being installed so that virtually all waiting for telephones in this exchange area will get service."

### HURRAH - NO SCHOOL TAX BOOST THIS YEAR

by Will Spriggs, Jr.

The roadway back of the school will be widened to improve parking facilities for school buses and will be provided with electric outlets for block heaters, reports Will Spriggs, school-affairs representative.

Starting Monday, November 8, the lunch period was staggered into three groups, Primary, Elementary and Senior to allow three cafeteria sittings instead of two. One hot dish in addition to milk is being provided. A ticket system is being used, with the price being 10 cents.

Kindergarten registration is now about 50 in both morning and afternoon classes. Such classes are too big. No more children will be accepted this year,

and next year classes will be limited to 40 on a first come, first served registration basis. The Board is not obliged to provide Kindergarten education.

There will be no change in the 1954-55 School Tax rate except in Isle Perrot. For Isle Perrot the Central Board has decided to double the rate, making it 40 mills or \$4 per hundred of valuation, instead of \$2.

Municipal valuation rolls on Isle Perrot average 20 to 25% of actual value as compared with 60 to 65% in the other areas. This means Baie d'Urfee and Senneville taxpayers have been carrying the deficits of Isle Perrot, which has not been a serious matter until the recent considerable housing growth there. Even doubling of the tax rate will not equalize the tax burdens and a further revision may be necessary.

The situation on Isle Perrot is further complicated by the fact that there are four municipalities within a single local school board area and their valuations vary between 15 and 30% of real value. To equalize such municipal valuations for school purposes is a local board problem, but the Central Board have decided to engage the best legal talent available on school law in order to advise them as to the proper procedure under the Education Act.

The School Budget for 1954-55 is estimated at approximately \$228,000 of which \$150,000, or 65-3/4%, will be provided by direct taxation. The Board is budgeting for a deficit of about \$10,000. However, since estimated grants are based on last year's figures, and since Provincial grants are usually increased as the school population rises, we may expect this deficit will be reduced somewhat when actual figures are available.

#### SOME 60 TADPOLES SIGN UP FOR HOCKEY

At a recent father-and-son meeting to organize Baie d'Urfee's 1954-55 small-fry hockey some 60 kids signed up. Ernie Dewitt, Ross Davidson, Tom Penrice, Doug Comber and Bob Cauley will be coaches. Start of the season depends entirely upon the weather.

Maestro Deweitt is planning a house league of four teams for gaffers between 8 and 10 and it is also hoped to have a peewee and a bantam team for the Lakeshore league, using as a nucleus most of last year's players 10 years old prior to August 30 and not yet 14 at that date.

In the meantime, the youngsters are busy selling tickets on a small mantel radio, the funds going to purchase hockey equipment for the teams. Following are the kids who registered:

### WOMEN CONDUCT MEMBERSHIP DRIVE

The Annual Baie d'Irfee Citizens' Association drive for membership will get under way shortly under the chairmanship of the well-known and popular Ginnie Higman.

This year's campaign will be unique in that it will be conducted entirely by the women of the community. There will be representatives and canvassers in every section and a membership of 100 per cent is aimed at.

The greater the membership the greater the Association's influence in community affairs; the more money available for the multitude of community activities it sponsors or assists.

When canvassed, join YOUR association.

### AIR CADET TRAINING OFFERED BAIE D'URFEE BOYS.

An invitation has been extended to Lakeshore boys between 14 and 18 to join Royal Canadian Air Cadet Squadron No. 592, the Ville St. Laurent Squadron.

It is the first time Air Cadet training has been made available to the Lakeshore communities, and the facilities for such training are second to none.

Boys are asked to contact Flying Officer A.H. Davis, 38 Oxford Rd., Baie d'Urfee, telephone Ste. Anne de Bellevue 2402, right away. The boy must be physically fit as determined by an Air Cadet medical, have permission of his parents to join, and before he flies, supply authorization from his parents. The training costs him nothing, his uniform is supplied and all he must provide are shoes. A bus has been chartered, and a nominal fare is charged.

This Squadron, No. 592, is one of two formed by Canadair. Exceptional training facilities have been provided, Canadair's own training classrooms being used for lectures or motion pictures.

A cadet gets tremendous benefits from his training.

On Monday nights (7.30-10 p.m.) regular classes are held.

Air Cadets are trained in :

Meteorology -- The air around us and its behavior;

Theory of Flight, Airframes and Aero Engines -- Why airplanes fly; fundamentals of engines;

Navigation -- Effect of flying through moving air, methods of plotting courses and getting there.

Small Arms -- Use, abuse and care of small weapons; principles of airplane armament.

Drill -- Drill is a fundamental phase in the development of deportment, spirit of co-operation, self-assuredness, self-respect and discipline.

Other benefits include occasional weekend flights with the R.C.A.F.; flying scholarships, under which exceptional cadets may learn to fly and earn their cadet wings, and each year a few outstanding cadets throughout Canada are taken by the R.C.A.F. to Europe, and travel to many countries. Every Air Cadet is entitled to two weeks summer camp at an R.C.A.F. Station. This may include flying.

#### GINNIE SAYS

"WATER WATER EVERYWHERE but nothing for my sink", was the cry Bill and Nora Gunning were giving up to a weekend ago when the plumbers settled their differences and let them move in at last. Most recent of the Bayviewites, the Gunnings moved to their new home on Somerset Road Saturday. Both work for the Bell, and both are interested in community enterprises, she being a former recreation teacher in the Okanogan country out West...so keep an eye on 'em, you Coop-sters! Hobbies include leatherwork and weaving for Nora, and wood-working for Bill.

TO DEVON ROAD from Montreal came Reed and Flo Barnes this month. While Reed's out bringing home the bacon as an independent manufacturers' agent, Flo's chief recreation is sitting home sewing.. and, having a six year old daughter named Judy, she's never without ideas to keep her busy!

THE POODLE FANCIERS of Baie d'Urfee will be hammering on Irene Donaldson's door on Somerset Road, for Irene's hobby is raising Silver French Poodles! Irene and George with their three children, Herbert, 9 1/2, Sandra, 8, and Jackie, 6, moved to Bayview three weeks ago. George manages a branch of the Royal Bank

JUST BEFORE our last News & Views was published, Bill and Pat Dryden and two year old Gary moved to Somerset Road. Bill's a Contractor from Montreal.

ANOTHER BANKER, William Mann, moved from Montreal to Somerset this month with his wife, Kitty, and daughter, Sandra, fifteen. Bill is a Personal Advisor for the Bank of Montreal.

OUR NEW CORRESPONDENT from Morgan Road, Peggy Floyd, did a neat job of reporting Morgan news despite the fact she had a couple of sick kids at home!

THE LAPRES - Ann and Farrell--moved into their new Morgan Road home in October with Nancy, 4, and Danny, 5. Interested in sports in general, Farrell is with Hinde & Dauch, corrugated box manufacturers.

THAT GREAT DANE you've seen strutting around Morgan Road belongs to Bob and Pat Francis recently from N.D.G. with Brian, 10, April, 7, and Roberta, 17 months. The Francises consider golf their chief hobby, but fear that next year they'll be forced into taking up gardening. Bob is Chief Accountant with the Howard Smith Paper Mills company.

AIME AND MADELINE DesRosiers who left last Sunday to serve on the Armistice Committee way over in Canbodia have leased their home to Evelyn and Bruce McCallun from Baltimore, Md. Bruce, among other things, is a ham radio enthusiast, and a boat builder which, naturally, includes woodworking. The McCalluns have three children, Peter, 8, David, 6, and Margaret, 5. He is with Canadian Aviation Electronics.

BAIE D'URFEE might be the nicest place to bring up children, but it certainly isn't the cleanest and anyone desiring a washing machine only two years old can have a Henry Morgan Burnside Washing Machine for \$100 by phoning Geoffrey or Nancy Stead, newcomers to Sunny Acres, at Ste. Annes 5033. The Steads moved in last month with their two daughters Elisabeth, 3 1/2 and Hilary, 1 1/2. Coin collecting, woodworking and painting are their combined hobbies. Geoffrey is with C.I.L.

VERY PROUD OF their new little Canadian are Noj Christian Nudrnac and his wife, Li. The baby, Susan Lydia, arrived the same day the Nudrnacs moved to Sunny Acres, so moving day won't be a thing they'll soon forget! From Czechoslovakia to Montreal to Baie d'Urfee--some trip, eh?--have come the Nudrnacs. Besides Susan, they have a five year old son, Ivoj Christian.

A CONSULTING ENGINEER in Montreal is Alan Batey who, along with his wife, Elizabeth, moved to Sunny Acres from the Town of Mount Royal last month.

SWELLING THE RANKS of Mac High a fraction of a percent last month were Pat and Stewart Bury who moved to their home on St. Andrews from N.D.G. with their four children, Philip 11, Charles 8, and pre-schoolers Bill 3, and Ann 2. Stewart is with the Belding Corticelli Company.

THREE FAMILIES MOVED almost next to each other the end of last month and are now busily getting acquainted with the rest of their Apple Hill neighbours.

A SPECTATOR SPORTS FAN (guess who he was rooting for during the Grey Cup final???) is Norm Richards who, with his wife, Elaine, Jerry 7, Jimmy 9, and Susan 2, moved from Minneapolis, Minn. to Baie d'Urfee the end of October. Norm is with the Kerrgill Company.

WITH SKIING probably as their chief sport, John and Joan Birkett consider all outdoor sports as great fun and play at 'em all. While home, however, John, who's with Canadian Chemicals and Cellulose, Ltd. is a high fidelity enthusiast and an able woodworker, according to Joan who was feeding 8 1/2 month old Peter when interviewed. The Birketts moved to Oak Ridge towards the end of October.

BILL AND PEGGY Sansom and their new little standard poodle, Mocha, had barely moved into their new home on Apple Hill before Bill was sent away on a business trip, accompanied by Peg as far as her parent's home in Port Hope. Bill is with the Vanadium-Alloys Steel of Canada, they're formerly from Brockville and that Peggy is an accomplished weaver!

THE SHOUT 'N' SHUFFLE Club (how do you like our new name??) - A square dance group of the first water - wishes to extend an invitation to all newcomers to join, and get acquainted with the cream of Baie d'Urfee's crop of people fun-to-be-with, PROVIDING said newcomers call us at Ste. Annes 4682 for details.

RAFFLE TICKETS galore are being distributed around town these days and if you pooh-pooh the idea that you'd ever win, just listen to this: The Baie d'Urfee raffle includes only 1000 tickets with chances for three beautiful prizes. Three chances out of a thousand is pretty good. Look what three Baie d'Urfee gals won only last month with the chances percentage-wise much less: Mary Smith won a sweater over C.J.A.D.'s News Quiz...Nora Taylor won a \$200 knitting machine during the Show Mart's "Do it Yourself" show...and Margery Kirkpatrick is the recent recipient of \$100, the result of another Montreal raffle. If you're still discouraged, tell yourself you'll donate \$3 to Operation Chicken Coop and then take a ticket just to see what'll happen!

A HANDSHAKE just as big and ready as his smile was given to Johnny Spriggs and Jimmy Godfrey by Jack Dempsey himself two weeks ago when the boys, along with 48 other boys and one lone girl, were given a free trip to N.Y.C. for getting 25 or more subscriptions to the Gazette. The boys spent the whole weekend in the Big City, going by train and returning T.C.A. The boys toured Rockefeller Center, viewed a very hazy New York from a top the Empire State Building and got the world's longest 5¢ ferry boat ride---from Manhattan to Staten Island and back--took in the show at Radio City and had dinners at Longchamps and the above-mentioned Dempsey's restaurant. What a weekend!

A WORD TO NEWCOMERS regarding the Gazette: DON'T call the paper if you want to subscribe but tell your local Gazette boy. All kinds of prizes are offered the boys periodically if they get the subscriptions THEMSELVES. This month's prize for getting only five new subscriptions is a very nice wrist watch. So if you've been intending to subscribe but haven't gotten around to it yet, phone one of the following boys: Ian Baker, John Spriggs, Jimmy Godfrey, Doug Newton, Lloyd Davies, Jimmy or Craig Higman.

BUT THE GAZETTE boys aren't the only ones who had nice trips during November. Joanne Boyle had eight nice days in New York, both the Bob Franklins and the George Lothians (lucky guys, those T.C.A. pilots, who can take their wives along practically at the drop of a hat!) spent three wonderful weeks in Europe, and those Grey Cuppers who trekked to Toronto to see the Great Defeat included Stu Smith, Rose and Gordon Donald, Peter Dawson, Owen Cauley, Bill Parker and Brad Proudfoot.

AND THE HUNTERS!!! We can't forget those boys who braved the cold drizzles to bring home the bucks!! Among the lucky Baie d'Urfee hunters who came home--shall we say loaded?? ?--were Reggie Vidler, Doug Comber, Ken Hale, Bob Brown, Joe White, Roy Foss and our own Bob.

TAKING ADVANTAGE OF our free "want ads" is Elsie Vidler who wants to know if anyone has a size 6 pair of skates--either figure or hockey--for sale. Call her up at the Town Hall.

AND A BEAUTIFUL top quality muskrat back fur coat size 14, in excellent condition is for sale by Florence Pinkney for \$100.

SORE KNEES -- lame backs -- smashed fingers -- if you can't boast of a few aches and pains this week you'd better not talk at all, for it'll just prove you haven't given your all for the dear ol' Coop.

IT'S LAYING floors at the moment. Last week it was painting;--- we understand the green giant had nothing on Harry Dixon on Sunday after his bout with the spraying machine!

NEVER HAVE WE SEEN such a delectable supply of goodies as furnished during the Coop's Coffee break by such bakers as Joy Millar, Mariette Turnau, Jessie Mitcham, Dora Bastien, Mary Barrett, Henriette Tasse, Gwen Irving, Elizabeth Davis, Doreen Lambert, Agnes Dixon and Gladys Burke, and with future handouts being promised by such intrepid cooks as Polly McGuire and Babe Walker, the morale of our menfolk ought to remain mighty high...

BY THE WAY we've gotten some undeserved credit for the Coop-Scoop. It was Bob Higman's baby from start to finish. We were just a very pleased onlooker.
